From The Director's Desk

Dr. Syama Prasad Mookerjee Research Foundation (SPMRF) has emerged as a forum that facilitates the convergence of ideas, positions and visions, while aspiring to strengthen the nation, preserve her unity and integrity, and contribute towards her progress and integral development.

Committed to the nationalist ideological vision and thoughts of Dr. Syama Prasad Mookerjee and Pandit Deendayal Upadhyay, SPMRF strives to strengthen and to uphold issues and positions in tune with India's national interest. It aims to identify the multifarious challenges before the nation and its people and attempts to bring about a greater awareness of these among a wider cross-section. It aims to do this through analysing, examining and studying, not only the present context of the challenges, but also their historical and civilisational backdrop.

The Foundation strives to create an intellectual ambience where nationalist thought can find free expression. Through research, publications, advocacy, debates, discussions and round-tables, it aims to highlight issues that are crucial in the national interest. A wide number of experts have, over a period, lent their support, expertise and insight to such an effort. National resurgence, cultural rejuvenation, national integration and national self-reliance are ideals for which SPMRF strives to work.

SPMRF provides a platform for experts, practitioners, academics and other opinion makers to come together and exchange ideas, evolve positions on a wide range of issues facing the nation, with the objective of educating a wider public opinion. The University of Pennsylvania in its well-known annual Global Think Tank Index 2015 had listed SPMRF among 40 best think-tanks with political party affiliation. SPMRF figured 33rd in the list.

Throughout 2016, as it has done in

previous years, SPMRF has organized a series of programmes and roundtable discussions, outreach to experts, intellectuals, opinion makers, civil society leaders and organisations and the academia. It has come out with position papers, policy recommendation notes and occasional papers in areas as wide as education, political analysis, environment- climate change and river cleaning, urban challenges, good governance, foreign affairs and governance projects.

Some of the highlights of 2016 was the National Writers Meet – a congregation of over 300 opinion makers, a special exhibition on Dr. Syama Prasad Mookerjee at the Nehru Memorial Museum & Library, inaugurated by BJP national president Shri Amit Shah and the preparation and launch of the volume on India's foreign policy, "The Modi Doctrine: new paradigms in India's foreign policy." Prepared by SPMRF the volume has succeeded in generating greater discussion on the foreign policy dimensions of Prime Minister Modi. The volume was also presented to Hon'ble Prime Minister on 9th September 2016. As part of its efforts to focus on governance issues, SPMRF has, among other things, also brought out a volume in Hindi on governance initiatives of the Narendra Modi Govt. has also appeared. A select group of independent experts, journalists, columnists, scholars have analysed the various transformative initiatives in governance undertaken since May 2014 and have argued that the country is firmly moving towards a great change.

The year 2016 also saw the successful launch, by BJP national president Shri Amit Shah, of the views portal – "nationalistonline" – both in Hindi and English. The Hindi version has now become increasingly popular and reaches a large pan-India audience. Regular articles on select issues have appeared on a regular basis; a system of uploading video interviews of domain experts and others has also been included.

The SPMRF e-journal The Nationalist – continues unabated with a new look and design and acts as a vehicle for policy discussion and ideological and political education. An array of experts have come forward and contributed, on a regular basis, special articles for the journal. These articles, among other things, also seek to educate and disseminate the achievements of the Narendra Modi led Government and discuss and analyse the various people-centric initiatives that it has undertaken. The e-journal is emailed to over 10,000 readers.

In 2017, SPMRF seeks to redouble its activities as its reiteration for the need of a new and

refreshing narrative of India. It is to realise the vision of national cohesion, national unity and oneness that SPMRF invites and supports any positive effort that aims at leading India to greater pinnacles of glory and strength in order to achieve the vision of a unity and greatness – of Ek Bharat, Shresth Bharat.
